Wall rapid heater 2.0kW/230V, white CK 20 trend LCD power 2000W, motor power 25W, connection voltage 1 x 230V, fan type centrifugal, air flow 80 ... 80m³/h, width 275mm, height 400mm, depth 131mm, APPLICATION: Compact, Wall-mounted rapid heater as full heating in the bathroom or as efficient transitional and supplementary heating, e.g. in the guest room or hobby room. The device heats the room air quickly and evenly. FEATURES/COMFORT: Electronically controlled rapid heater with an easy-to-read display and simple programming for precise heating of the room air. The desired room temperature can be set on the control panel from + 5 to + 30 degrees °C in 0.5 °C increments. Programmable weekly timer with 2 preset and 1 individually programmable time program. With adaptive control as a learning function for reaching the comfort temperature at exactly the right time in timer mode. Programmable comfort and setback temperatures. Selectable open window detection function. Frost protection position 7°C. High quality ceramic radiator. Robust plastic housing. Optimal ease of use thanks to the top-mounted control panel and large, easy-to-read display. Adjustable child safety lock to prevent unintentional or unauthorized adjustment of the control panel. INSTALLATION/SERVICE: Easy wall installation by just one person: Wall bracket is attached to the wall separately from the device and can be readjusted. The device just needs to be mounted. The device has a 1.5m long connection cable with an angle plug, rear cable storage and lint filter in the air intake. SAFETY: 3-stage safety concept with self-limiting ceramic radiators, temperature monitor and built-in temperature fuse. TÜV/GS, radio protection, protection class IP 24, protection class II.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
