CombiController V50 upper part V50-0-280 Mains type other, number of poles 1, lightning impulse current (10/350 μ s) 12.5kA, maximum continuous voltage AC 280V, nominal voltage AC 230V, protection level 1.3kV, protection level LN 1.3kV, max. solid/stranded) 35mm², max. conductor cross-section, flexible (finely stranded) 35mm², mounting type DIN rail TH35, size 1 HP, optical signaling on the device, test class type 1 and 2, the upper part of the V50 combined lightning current arrester made of halogen-free plastic is suitable for lightning protection -Equipotential bonding according to VDE 0185-305 (IEC 62305) and serves as a spare part for the V50 CombiController. The modular, pluggable arresters are characterized by a dynamic disconnect device and an optical status display. The lightning current discharge capacity is 12.5 kA (10/350) per pole and up to 50 kA (10/350) in total. The vibration-proof latching and the voltage and type coding ensure safety and avoid mixing up upper and lower parts. The wedge-shaped design of the contacts makes it easy to insert and even easier to remove the upper parts. Additional technical product information can be called up quickly and easily using the QR code on the rating plate using mobile devices.
