Flush-mounted radio RDS System 55 rws 228003 Radio version, combination of basic element with upper housing part, number of modules (in modular design) 0, flush-mounting type, fastening type claw/screw fastening, material plastic, material quality thermoplastic, halogen-free, surface other, design of the surface Glossy, color white, RAL number (similar) 9010, RDS flush-mounted radio with a loudspeaker control top unit in black glass optics, pure white glossy Features: VHF radio with RDS display for flush-mounted installation. The flush-mounted radio RDS consists of an insert radio with control unit and an insert loudspeaker with cover. The radio insert is compactly housed in a flush-mounted insert and can therefore be installed in a single device box. The loudspeaker can be installed in combination with the radio insert or separately in a device box. Two loudspeakers can be connected to the radio insert. The radio automatically recognizes connected loudspeakers and switches between stereo and mono operation. If there is a corresponding RDS signal, the display of the operating top unit shows the station name, the transmission frequency and the time. The radio is operated using the capacitive buttons on the operating top unit. Only a light touch on the symbols is required for operation. The RDS flush-mounted radio has two memory slots, on each of which a station can be saved and called up simply by pressing a button. The radio can be connected via the extension input, e.g. B. be switched on with a light switch or an automatic switch together with the room lighting. External audio sources, e.g. B. MP3 player, are fed into the radio. To connect the external audio source, an additional cinch audio insert is required, which is connected to the AUX terminals of the radio insert. The insert docking station is connected directly to the stereo AUX input for music playback. In sleep mode, the radio switches off automatically 30 minutes after switching on. Notes : In combination with other electronic devices under a common cover, reception may be impaired.
