Jokari cable knife 8-28mm hook clip 12 0010 stripping area diameter 8... 28 mm, notch depth adjustable, longitudinal cut, round cut, interchangeable knives, cable knife Two-component tool with non-slip soft grip insert for optimal handling and thumb recess with hooked blade 8 - 28 mm diameter Cable knives tried and tested millions of times for round and Longitudinal cut, cutting depth individually adjustable via screw, so that damage to the inner conductor is excluded. Grip shells made of wear-resistant polyamide. Both the tips of the internal cable cutters and the cutting edges of the attached bracket blades are coated with titanium nitride. Titanium nitride is vapour-deposited on the cutting blade in the vacuum chamber at approx. 500 degrees C using the PVD process. Due to the reduced surface structure and the extremely high hardness, excellent sliding properties and high wear and abrasion resistance are achieved. TiN-coated knives can be used with significantly higher durability and cutting performance.

### YOUR ADVANTAGES

**WORLDWIDE TRADE**

Corporate video eibmarkt®

**COMPLAINTS HANDLING**

Obliging and 100% safely

**SHORT DELIVERY TIME**

Warehousing

**99% CUSTOMER SATISFACTION**

> 500,000 customers worldwide

**25 YEARS OF EXPERIENCE**

In worldwide mail order

**REFUND**

Within 14 days

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
