Surge protection device for HF applications - Surge protection for signal systems PT-IQ-3-HF+F-12...

Phoenix PT-IQ-3-HF+F-12DC-PT 2801289 4046356766708 EAN/GTIN

10117,77 INR excl. VAT**

plus shipping

Overvoltage protection device for HF applications PT-IQ-3-HF+F-12DC-PT Rated voltage DC 12 ... 12V, maximum continuous voltage AC 10V, maximum continuous voltage DC 15V, rated discharge current (8/20) 10kA, rated load current 0.6A, Protection level wire/wire 40V, protection level wire/earth 900V, protection level wire/signal ground 90V, protection level signal ground/protective ground 90V, limit frequency 60MHz, type of installation other, connection 1 terminal, arrester monitoring, optical signaling on the device, overvoltage protection, consisting of protective plug and base element, with Integrated multi-stage status display on the module for three signal wires with a common reference potential. For HF applications and telecommunication interfaces without supply voltage (up to 90 MBit/s).

YOUR ADVANTAGES

eibabo® and eibmarkt® are registered trademarks of EIBMARKT® GmbH holding company (<u>www.eibmarkt.de</u>). eibabo® is a company of eibmarkt.com GmbH. eibmarkt.com GmbH is a 100% subsidiary of EIBMARKT® GmbH holding.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
