Shrink tubing, medium wall, 1m TREDUX MA47-19/6 type heat shrink, design medium wall, shrink ratio 4:1, inner diameter before shrinking 19mm, inner diameter after shrinking 6mm, nominal diameter in other inches, wall thickness after shrinking 2.5mm, length 1m, operating temperature -55 ... 110°C, color black, material polyolefins (PO-X), halogen-free, with inner adhesive, resistant to solvents, acids and alkalis. Offers good mechanical strength. Good protection against moisture and weather influences. Due to the high shrink rate, the hose easily adapts to large diameter differences. Packed in a stable display box. A length of 1 m sections allows an individual compilation of the required hose sizes. Each TREDUX hose is identified by a label with EAN barcodes. Suitable for reliable electrical insulation and mechanical protection of cables and wires, on and below ground.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
