LightingReceiver Variation 12V/24V LED RGB W 2K 1822604 Suitable for dimmers, in the housing, power supply 12-24 V AC/DC, number of relays 2, type of installation other, material plastic, material quality thermoplastic, surface untreated, surface design matt, type of attachment other, Color black, Suitable for degree of protection (IP) IP55, degree of protection (NEMA) other, radio frequency 868MHz, rolling code system, lighting receiver variation io 12 V / 24 V LED white 4 channel, bidirectional io radio receiver for 12 V / 24 V LED patio lights. The new io lighting solution complements the existing io solutions around the terrace and creates a complete system in which all products can be controlled with a multi-channel remote control. Up to 4 white LED light sources can be controlled and dimmed individually or together with DC voltage. The narrow and elongated housing is particularly suitable for discreet mounting on awnings, pergolas or patio roofs. The new io lighting solution enables the subsequent integration of wired 12V or 24V LED patio lighting into the io-homecontrol® world, with all the options for convenient operation at the push of a button, the linking of various patio products in feel-good scenarios and the integration of the patio lighting into the Somfy Smart Home system. More comfort with my favorite position and automatic switch-off that can be activated
