Coaxial cable UV-resistant, halogen-free SK2003plus Sp100 inner conductor diameter 1.02mm, inner conductor material copper, inner conductor surface bare, inner conductor class class 1 = solid, outer conductor diameter 4.6mm, outer conductor material copper, outer conductor surface tinned, Form of outer conductor foil + braid, dielectric polyethylene, foamed (PE foam), number of shielding layers 3, sheath material other, specification sheath material other, sheath color black, fire behavior class according to EN 13501-6 Dca, smoke development class according to EN 13501-6 s2, dripping behavior class according to EN 13501-6 d2, acid development class according to EN 13501-6 a2, halogen-free according to EN 60754-1/2, UV-resistant, characteristic impedance 75Ohm, outer diameter approx. 6.7mm, min. permissible bending radius, stationary use/fixed installation 33, 5mm, max. Outside cable temperature during installation/handling -5... 60°C, perm. Cable outside temperature after installation without vibration -15... 65°C, The black coax cable of the 2000 series is UV resistant due to its black outer sheath. In addition, the dielectric is halogen-free and therefore flame-retardant. As a result, this coaxial cable is just as suitable for outdoor installation as it is for installation in public buildings, where flame-retardant cables are usually required. Very high degree of shielding, gas injection dielectric coated, meter imprint, high aging resistance CE, triple shielded foil-braid-foil glued.

YOUR ADVANTAGES

WORLDWIDE TRADE
Corporate video eibmarkt®

99% CUSTOMER SATISFACTION
> 500,000 customers worldwide

DHL TRACK & TRACE

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
