Swivel winder RolloTron Comfort Minigurt 1540-UW Type of installation, webbing thickness 15mm, webbing length 4000mm, max. roller shutter weight 30kg, with timer, height 185mm, width 37mm, depth 155mm, the RolloTron swivel winder Comfort is an electronic belt winder for surface mounting. It is ideal where space is limited and is characterized by quick and easy assembly. It is the successor to the standard model from RADEMACHER's 9500 series. It is operated via a Euro plug connection to the 230V mains. Individual programming is possible with extensive automatic functions such as a daily/weekly program. In the event of a power failure, it offers no power reserve, and the clock may have to be corrected afterwards.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
