Drill 6x50 SDS-Plus 1 618 596 166 Suitable for concrete, Suitable for stone, Diameter drill 6mm, cutting edge length 50mm, total length 115mm, SDS-plus mounting system, The SDS plus-5 drill allows for effortless drilling. For smooth work, the carbide plate is grooved and has notches that penetrate the material more easily and prevent seizing in the concrete. The Activeq center point ensures active cutting in concrete and a precise hole diameter. In addition, AWB brazing and hardening technology reduces vibration when drilling to minimize heavy user stress. The drill is intended for use in masonry and concrete. It is compatible with rotary hammers with the SDS plus system. In order to achieve precise results, the wear marking shows whether the hole diameter is still within the tolerance for the dowel. As proof of quality, the drill bears the PGM Masonry Drill Bit Association Board quality test mark, which guarantees conformance to strict tolerances, precise drilling and a firm hold of the fastening materials. It is made in Germany. Diameter (D) mm: 6.00, working length (L1) mm: 50, overall length (L2) mm: 115

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
