Position switch 56mm 3SE5122-0CH80 Sensor width 56mm, sensor height 49.8mm, sensor length 281mm, rated operational current Ie at AC-15, 24 V 6A, rated operational current Ie at AC-15, 125 V 6A, rated operational current Ie at AC-15, 230 V 6A, rated operational current Ie at DC-13, 24 V 3A, rated operational current Ie at DC-13, 125 V 0.55A, rated operational current Ie at DC-13, 230 V 0.27A, switching function snap-action contact, number of safety-related auxiliary contacts 0, Number of contacts as NC contact 1, Number of contacts as NO contact 1, Number of contacts as changeover contact 0, Design of the interface without, Design of the interface for safety-related communication without, Block housing design, Housing material metal, Housing coating painted, Design of the actuating element Rod Lever, Actuator Orientation Roller Plunger Straight, Electrical Connection Style Conduit Entry (Metric), Explosion-Proof Category for Gas without, explosion protection category for dust without, ambient temperature during operation -25 ... 85°C, degree of protection (IP) IP65, degree of protection (NEMA) 12, position switch metal housing 56 mm wide, device connection 3x (M20x 1.5), 1 NO /1NC snap-action contacts, pivoting drive adjustable right/left, aluminum rod lever 200 mm long SIRIUS 3SE5 mechanical position switches for detecting the position and position of machine parts and position monitoring of protective devices. The modular design of the 3SE5 position switch enables a large number of variants with a small number of storage types. The large variety of connectors and reels meets almost all requirements in everyday industrial life. LEDs indicate the current status of the device. Thanks to quick connection technology, connection times can be significantly reduced. Switching points and mounting according to EN 50047 and EN 50041. The devices are approved worldwide (IEC, UL). With the appropriate switch configuration, the highest safety requirements according to PL e or SIL 3 can be met. The integrated ASIsafe electronics require low power consumption. Different housing sizes, with different switching elements, in plastic or metal or compact design are available. Some variants are optionally available with LED status display and M12 connector. The 3SF1 series with direct connection to the AS-Interface bus system rounds off the portfolio. Actuator heads and plugs as well as other mounting/connection accessories are available as accessories, depending on the version. Safety is a SIRIUS business.

### YOUR ADVANTAGES

**WORLDWIDE TRADE**  
Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**  
> 500,000 customers worldwide

**DHL TRACK & TRACE**  
Shipment tracking

**COMPLAINTS HANDLING**  
Obliging and 100% safely

**25 YEARS OF EXPERIENCE**  
In worldwide mail order

**ORDER LIVE CHAT**  
With order history

**SHORT DELIVERY TIME**  
Warehousing

**REFUND**  
Within 14 days

**DATA PROTECTION**  
Guarantee

\* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

\*\* Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

\*\*\* Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
