Fan ER 60 F nominal width 75mm, volume flow 62m³/h, color white, medium temperature -20 ... 40°C, flush-mounted installation type, rated voltage 230V, mains frequency 50Hz, combination with delayed twilight switch, nominal current 0.16A, speed 12501/min, material of the housing plastic, direction axial, protection class (IP) other, width 250mm, height 260mm, depth 150mm, version with light control: Barrier-free product because it switches on/off automatically. The light control switches the fan on at a minimum brightness in the room, e.g. B. when switching on a lamp. Switch-on brightness (on the device) min. 30 lux. Switch-off brightness (on the device) max. 0.3 lux. There is no need to install a switch. Switch-on delay approx. 50 seconds. Follow-up time approx. 6 minutes. Not speed controllable. Circuit variant: With an additional switch, the fan can be switched off independently of the room lighting (see circuit diagrams on the Internet). Fan with cover and G2 filter for installation in flush-mounted housing. For one-room or two-room ventilation with a single fan (exception: version H and GVZC EC). Electrical plug connection for quick installation of the fan in the housing. Hassle-free filter changes without tools. Cover can be rotated by +- 5°, making it possible to compensate if the housing is inserted crookedly. Easy-to-install snap fastening of the fan in the housing. Color traffic white, similar to RAL 9016. All MAICO ER devices comply with protection class IP X5 and can therefore be installed in area 1 according to DIN VDE 0100-701, even with water jets. For details see planning information. Protection class II. The extremely steep characteristic curve shows the high pressure capacity of the ER fans. Robust energy-saving capacitor motor. ER 60 GVZC EC: with energy-saving EC motor. Motor with thermal overload protection. Maintenance-free, with ball bearings closed on both sides. Volume flow characteristic curve and leakage air rate tested by TÜV Bayern eV Leakage air volume flow < 0.01 m³/h. Shaft level difference according to DIN 4109, tested by IAB Oberursel. With VDE mark. Article: ER 60 F, version: light control, delivery volume: 62 m³/h, speed: 1250 1/min, air direction: ventilation, speed controllable: no, SEC average: -19.38 kWh/(m²\*a), voltage type: alternating current, Rated voltage: 230 V, mains frequency: 50 Hz, power consumption: 21 W, IMax: 0.16 A, protection class: IP, Material: plastic, color: traffic white, similar to RAL 9016, weight: 1.5 kg, filter class: G2, blow-out direction: sideways, width: 250 mm, height: 260 mm, depth: 150 mm, conveyor temperature at IMax: 40 °C, follow-up...

### YOUR ADVANTAGES

**WORLDWIDE TRADE**

Corporate video eibmarkt®

**99% CUSTOMER SATISFACTION**

&gt; 500,000 customers worldwide

**DHL TRACK & TRACE**

Shipment tracking

**COMPLAINTS HANDLING**

Obliging and 100% safely

**25 YEARS OF EXPERIENCE**

In worldwide mail order

**ORDER LIVE CHAT**

With order history

**SHORT DELIVERY TIME**

Warehousing

**REFUND**

Within 14 days

**DATA PROTECTION**

Guarantee
