Centrifugal tube fan 116W, 840m³/h, IPX4 ERR 20/1 Material of the housing Steel, treated, air volume unloaded 840m³/h, connection voltage 230V, protection class (IP) IPX4, length 230mm, diameter of the housing 370mm, radial impellers with backward curved blades. Connection pieces on the suction and pressure sides, for direct installation in ventilation pipes. Mounting foot available as an accessory. Conveying direction: The conveying and rotation directions are marked by arrows on the fan housing. Motor: external rotor capacitor motor. Operating capacitor ready for connection in the terminal box. Speed controllable. Thermal overload protection as standard. Robust motor with ball bearings, maintenance-free. Protection class IP X4 when installed in ventilation ducts with at least 1 m pipe on the suction and pressure sides. Installation instructions: Installation possible in any position. To avoid vibration transmission to the pipe system, use elastic sleeves ELR. Electrical connection: External terminal box with cable entry grommet. Safety instructions: Only operate the fan with free suction or exhaust if the impeller is protected against contact in accordance with DIN EN ISO 13857. To do this, attach the SGR protective grille. Article: ERR 20/1, delivery volume: 840 m³/h, speed: 2611 1/min, impeller type: radial, speed controllable: yes, energy efficiency class: F, voltage type: alternating current, rated voltage: 230 / 220 V, mains frequency: 50 Hz / 60 Hz, nominal power: 116 W, IMax: 0.5 A, protection class: IP 370 mm, height: 407 mm, depth: 230 mm, conveyor temperature at nominal current: -20 °C to 60 °C, conveyor temperature at IMax: -20 °C to 60 °C, DC motor: false

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
