PVC electrical insulating tape 19 mm x 20 m, sw ScotchSuper33+ 19x20 width 19mm, material polyvinyl chloride (PVC), color black, length 20m, UV-resistant, insulating, self-extinguishing, temperature resistance -18 ... 105°C, thickness 0.18mm, Scotch Super 33+ Vinyl Electrical Tape is the market leading original PVC electrical tape. This professional-grade electrical tape features an elastic backing material coated with a high-performing adhesive. It is ideally suited for the electrical primary insulation of all wires and cable connections up to 600 V and offers sustainable moisture-proof electrical and mechanical protection for a wide range of temperatures from 18°C to 90°C according to VDE. Its very good elasticity, flexibility and resilience across the entire temperature range enables crease-free wrapping. It offers excellent protection against abrasion, copper corrosion, oil, solvents and UV radiation. Scotch Super 33+ Vinyl Electrical Insulation Tape is UL 510 flame retardant and UL, CSA and VDE certified.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
