Wiring bridge black 10qmm 260mm compressed SZ-DB 234N nominal cross-section 10mm², length 260mm, Flexible wiring bridges with the advantages of having smaller dimensions (more space in the terminal) and almost no contact resistance with the same connection cross-section. They offer higher reliability because ferrules can come loose under extreme conditions.

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
