Solid-state contactor AC51 10A 3RF2310-1AA02 Rated control supply voltage U_s at DC 15...24V, Type of voltage for actuation DC, Rated operational current I_e at AC-1, 400 V 10.5A, Suitable for series installation, Number of auxiliary contacts as NO contact 0, Number of auxiliary contacts as NC contact 0, connection type main circuit screw connection, number of NC contacts as main contacts 0, number of NO contacts as main contacts 1, solid-state contactor 1-phase 3RF2 AC 51 / 10.5 A / 40 °C 24-230 V / DC 24 V screw connection Solid-state contactor SIRIUS 3RF23 for switching of ohmic/inductive loads, e.g. B. from radiators or valves in a bottling plant. The devices switch wear-free and silently and are therefore ideal for noise-sensitive areas (offices, hospitals). They are extremely reliable even at high switching frequencies. Since the heat sink is already integrated, they can be used directly in the control cabinet. The compact design saves space on the DIN rail. The solid-state contactors can also be expanded with the standardized 3RF29 function modules for a variety of applications by simply clicking on them. The devices are approved worldwide (eg IEC and UL/CSA). The solid-state contactors are available as 1-phase or 3-phase devices. They are available for different outputs and rated operating voltages. Designed for AC or DC operation, they are available with screw, spring-loaded or ring cable lug connections. In addition to the 3RF29 function modules, control plugs and terminal covers are also available as accessories. Simple, efficient, always up to date - the SIRIUS modular system.

YOUR ADVANTAGES

* Note on delivery time: Day = Monday to Friday, no public holiday in Bavaria or Saxony. Goods are also delivered on Saturdays (DHL).

** Payment methods may vary from country to country. All prices plus shipping and excluding customs duties or other additional costs (import sales tax) for deliveries outside the EU.

*** Savings compared to RRP = the manufacturer's recommended retail price. RRP is the price recommended to retailers by the manufacturer, importer or wholesaler as a resale price to the customer. The RRP is also referred to as the list price and is defined as the highest possible price that a buyer would pay for a specific product before any discounts (Source of gross list prices: Germany).
